OVERVIEW

Our Commitment to Ethics and Integrity in Business

Constructive Partnerships Unlimited, (“CP Unlimited”) prides itself in its over 70 year history of upholding the highest standards of quality in its programs and services on behalf of our individuals and their families. We strive to develop and maintain best practices in all areas of service. Consistent with this commitment to quality, CP Unlimited established a Corporate Compliance Program on Dec. 2, 2004 (amended on Feb. 9, 2006, Sept. 24, 2009 and May 15, 2019) to demonstrate and document our commitment to the highest standards of professional integrity and ethics in the agency’s business dealings with individuals, contractors, vendors, employees, volunteers, funding agencies and the general public.

CP Unlimited’s Corporate Compliance Officer and Corporate Compliance Committee will work closely with CP Unlimited’s employees, and other members of the CP Unlimited community, to make every effort to establish and implement systems which enhance each employee’s ability to understand and adhere to the complex laws and regulations that govern our business. In doing so, the Corporate Compliance Officer and Committee will regularly report their activities directly to CP Unlimited’s Audit, Compliance and Risk Board Committee, who will, in turn, make reports to the Board of Directors. In addition, the Corporate Compliance Officer and Committee members will report directly to the Board of Directors at least annually to ensure compliance.

This Corporate Compliance Program, updated periodically to reflect the mandated elements set forth from the Office of the Medicaid Inspector General, demonstrates CP Unlimited’s commitment to the highest standards of business ethics and integrity. This

program is in full compliance with the law as evidenced by the following eight elements:

Constructive Partnerships Unlimited (CP Unlimited) requires that all members of the CP Unlimited community, including its employees, contractors, agents, vendors, members of the Board of Directors, volunteers, and employees and others working on behalf of other governmental and private agencies and businesses doing business with CP Unlimited and its related corporations, to conform to the highest ethical standards and to meet or exceed legal obligations in the performance of their efforts on behalf of CP Unlimited. To this end, we have developed a Code of Business Conduct for the entire CP Unlimited community. The appointment and retention of all members of the CP Unlimited community is contingent upon acceptance and compliance with this Code of Business Conduct.

CP Unlimited enjoys a reputation of integrity and excellence in its programs and services. This reputation is one of our strongest assets. It is expected that all members of the CP Unlimited community whose actions could be attributed to the work of CP Unlimited will adhere to the Code of Business Conduct and to the policies, standards and procedures outlined in this program.

The CP Unlimited Code of Business Conduct encompasses commitments by CP Unlimited, coupled with related commitments by each member of the CP Unlimited community to uphold the highest standards of ethical behavior and practices on behalf of CP Unlimited.

1. Our commitment to compliance with the law.

CP Unlimited is committed to conducting its programs and services in a lawful and ethical manner, in full compliance with all federal, state and local laws and regulations. All members of the CP Unlimited community will adhere to the highest standards of conduct through strict observation of all applicable legal and regulatory requirements.

CP Unlimited will only employ or contract with individuals or entities with proper credentials, experience and expertise. All business communications on behalf of CP Unlimited with outside individuals or entities, including claims for payment or reimbursement of any kind, will be truthful and, where appropriate, substantiated by accurate and complete records.

Neither CP Unlimited, its employees or agents shall pay employees, physicians, or other health care professionals, directly or indirectly, in cash or by any other means, for referrals of patients. Every payment to a referral source must also be supported by proper documentation that the services contracted for were in fact provided.

Employees or agents who perform billing and/or coding of claims must take every reasonable precaution to ensure that their work is accurate, timely, and in compliance

with federal and state laws and regulations and CP Unlimited's policies.

No claims for payment or reimbursement of any kind that are false, fraudulent, inaccurate or fictitious may be submitted. No falsification of medical, time or other records that are used for the basis of submitting claims will be tolerated.

CP Unlimited will bill only for services actually rendered and which are fully documented in patients' medical records/consumer's chart. If the services must be coded, then only billing codes that accurately describe the services provided will be used.

CP Unlimited shall act promptly to investigate and correct the problem if errors in claims that have been submitted are discovered.

2. Our commitment to ethical behavior.

CP Unlimited is committed to ethical business dealings. All members of the CP Unlimited community will adhere to the highest ethical standards of behavior while performing CP Unlimited business, including preparing and maintaining accurate and complete records, and truthful communications with other members of the CP Unlimited community, and with government and private agencies and individuals doing business with CP Unlimited.

CP Unlimited seeks positive relationships with government programs and third party payers. Positive relationships require ongoing communication about patient progress and billing.

Employees or agents shall not use or reveal any confidential information concerning CP Unlimited or use, for personal gain, confidential information obtained as an employee or agent of CP Unlimited.

No employee or agent should subordinate his or her professional standards, judgment or objectivity to any individual. If significant differences of opinion in professional judgment occur, then they should be referred to management for resolution.

Employees and agents should be honest and forthright in any representations made to patients, vendors, payers, other employees or agents, and the community.

All reports or other information required to be provided to any federal, state or local government agency shall be accurate, legible, complete, and filed on time.

Employees and agents must perform their duties in a way that promotes the public's trust in CP Unlimited.

Employees and agents shall be honest in doing their jobs.

3. Our commitment to continuous training and improvement.

CP Unlimited is committed to the professional development of the entire CP Unlimited community. All members of the CP Unlimited community will have access to all applicable laws, rules, regulations policies and procedures necessary for them to perform on behalf of CP Unlimited, and will be regularly trained on those laws, rules, regulations, policies and procedures, as well as this Corporate Compliance Program.

All reports of suspected violations will be fairly, thoroughly and promptly investigated by appropriate individuals, and will be promptly resolved.

5. Our commitment to our ethical obligations, mission and purposes free of conflicts of interest.

CP Unlimited is committed to clarity of our mission and purposes, free of any appearance of conflict or impropriety. CP Unlimited itself will not pursue any business opportunity or take any other action that will require it to engage in illegal or unethical behavior, or is reasonably likely to fall outside of CP Unlimited's mission, purposes or powers.

In all of their activities on behalf of CP Unlimited, all members of the CP Unlimited community will act in a manner consistent with the agency's mission, purposes, powers, and consistent with the agency's reputation for integrity and

excellence. Each member of the CP Unlimited community will ensure that no activity takes place that in any way jeopardizes the tax exemption, licenses, or governmental authorizations of CP Unlimited.

All members of the CP Unlimited community will accomplish their business on behalf of CP Unlimited without engaging in any business, professional or personal activity that would create a conflict of interest, or an appearance of a conflict of interest, without appropriate disclosure and advance approval by the Board of Directors or the President and CEO or their/his/her designee.

Placing business with any firm in which there is a family relationship may constitute a conflict of interest. Advance disclosure and approval are required in such a situation.

Employees and agents should not become involved, directly or indirectly, in outside commercial activities that could improperly influence their actions. For example, an employee or agent should not be an officer, director, manager or consultant of a potential competitor, customer, or supplier of CP Unlimited without first disclosing that relationship to the Board of Directors, President and CEO or their/his/her designee.

In addition, current employees cannot also be employed with firms that audit CP programs. There must be at least a year of separation from CP employment before working for an audit firm.

Employees and agents should not accept or provide benefits that could be seen as creating conflict between their personal interests and CP Unlimited's legitimate business interests.

Employees and agents should report any potential conflicts of interest concerning themselves, co-workers or family members to the Board of Directors, President and CEO or their/his/her designee.

Program and other staff should not have direct contact with vendors unless their input is required in the process of determining choice of vendors. CP Unlimited will notify vendors and employees of this policy.

Please refer to the Rules Relating to Gifts, and Conflict of Interest Policy, which appear on the following pages.

6. Our commitment to respecting property rights.

CP Unlimited is committed to respecting the property rights of all those with which we do business, including individuals and outside businesses. In their actions on behalf of CP Unlimited, all members of the CP Unlimited community will act in a manner consistent with this respect of the property of others.

Each member of the CP Unlimited community will ensure that all applicable laws, standards and policies regarding the confidentiality of agency records are upheld.

Each member of the CP Unlimited community will ensure that all private information owned by others, but in the custody and possession of CP Unlimited, be held in confidence and not utilized outside of the use contemplated by the owner of the information without the express permission of the owner. This includes prohibition against unauthorized use and / or copying of computer software not contained in the license granted to CP Unlimited, and installation of unauthorized software on agency computers. Employees shall take all reasonable steps to protect computer systems and software from unauthorized access or intrusion.

All employees and agents are personally responsible and accountable for the proper expenditure of CP Unlimited's funds and for the proper use of company property.

All employees and agents must obtain authorization prior to committing or spending CP Unlimited's funds.

Employees and agents may not use CP Unlimited's or a patient's/consumer's resources for personal or improper purposes, or permit others to do so.

Surplus, obsolete or junked property shall be disposed of in accordance with CP Unlimited's procedures. Unauthorized disposal of property is a misuse of assets.

Any improper financial gain to the employee, or agent, through misconduct involving misuse of CP Unlimited's or a consumer's/patient's property is prohibited, including the outright theft of property or embezzlement of money.

CP Unlimited's confidential and proprietary information is valuable, and should be protected from unauthorized use or exploitation. Employees and agents are expected to respect the intellectual property rights of others with whom we do business.

CONFLICT OF INTEREST POLICY

POLICY STATEMENT:

This policy applies to all Board Members, Board Committee Members, employees, volunteers and service partners of United Cerebral Palsy Associations of New York State, Inc., d/b/a, Constructive Partnerships Unlimited ("CP Unlimited"). It is the policy of CP Unlimited that all Board Members, Board Committee Members, employees, volunteers and service partners avoid conflicts of interest so that they may represent CP Unlimited in a positive and ethical manner.

A Conflict of Interest is defined as a situation in which an individual has competing interests or loyalties. A Conflict of Interest can exist in several kinds of situations such as: an employee who works for CP Unlimited but has personal interests that compete with his or her employment; Board Members, Board Committee Members or employees that have a position of authority with CP Unlimited that conflict with his or her interests with another agency; or Board Members, Board Committee Members, employees, volunteers or service partners that have conflicting responsibilities in general.

All CP Unlimited's Board Members, Board Committee Members, employees volunteers and service partners will accomplish their business on behalf of CP Unlimited without engaging in any professional or personal activity that would create a Conflict of Interest, or an appearance of a Conflict of Interest, without appropriate disclosure and advance approval by the Board of Directors or the President and CEO.

PROCEDURE:

A. General:

➤ Employees:

All employees should avoid situations involving a conflict between their personal interests and the interests of CP Unlimited. Employees should avoid outside business interests that could compromise an employee's commitment to CP Unlimited either by dividing loyalties or by diverting their attention owed to CP Unlimited in the normal course of their employment. Employees shall act in the best interests of CP Unlimited in their dealing with individuals, families, other staff members, volunteers, independent contractors, vendors and service partners.

➤ Board Members and Board Committee Members:

It is the obligation of the Board of Directors of CP Unlimited to enact policies and procedures to ensure that all contracts, transactions and dealings to which the agency is a party are in the best interest of the agency. In addition, the Board of Directors ensures that all contracts, transactions and dealings to which the agency is a party are undertaken for the benefit of the agency and not for the purpose of benefiting any individual member of the Board of Directors or Committee Members. Therefore, all Board and Committee Members shall act in the best interests of CP Unlimited in dealing with individuals, families, employees, volunteers, independent contractors, vendors and service partners.

B. Board Involvement Regarding Business Transactions:

1. The agency shall not enter into any transaction (i.e., contract, dealings, business decision or business relationship) with any Board Member, Board Committee Member, family member of a Director, or any corporation, firm, association or other entity in which a Director, or family member of a Director or Board Committee Member has a personal or financial interest unless:
 - Prior to CP Unlimited entering into any transaction, the Board Member or Board Committee Member fully discloses the nature and extent of his or her known interest in the proposed transaction to the Board of Directors; and
 - The Board does not count the interested member in determining the presence of a quorum for a vote on the matter and does not count the vote of the interested Director.
2. A Board Member or Board Committee Member's failure to disclose to the Board that he or she has an interest in a transaction prior to the agency entering into the transaction shall be grounds for the individual's

immediate removal by the Board or Board Committee. Furthermore, if a Board Member or Board Committee Member fails to disclose his or her interest in the transaction prior to the agency entering into the transaction, the agency may void the contract or transaction.

C. Disclosure of Conflicts of Interest:

Board Members, Board Committee Members, Directors, Officers and Key Employees (with the ability to make binding financial decisions for CP Unlimited) shall disclose any potential conflicts of interest upon initial appointment or hire, annually, and when a Conflict of Interest arises by completing or amending their Conflict of Interest Disclosure Statement.

Examples of potential conflicts that should be promptly and fully disclosed include:

- Ownership by a Board Member, Board Committee Member, employee or a member of his/her immediate family with a significant financial interest in a business enterprise that does business with, seeks to do business with, or is a competitor of CP Unlimited. Business interests that adversely affect the quality of a person's work or involve the use of agency equipment, supplies, facilities or name are not permitted.
- Serving as a Director, Officer, Consultant, or in any other key role in any outside enterprise that does or seeks to do business with, or is a competitor of CP Unlimited.
- Board Members, Board Committee Members or employees maintaining outside employment with a competitor or vendor, may pose a Conflict of Interest and should be disclosed.
- Any other arrangement or circumstance, including family or other personal relationships, which might prevent the Board Member, Board Committee Member or employee from acting in the best interest of the agency.

Engaging in a separate employment relationship with any current service recipient (including the family, guardian, care provider, etc. of such individual) is prohibited.

While it is impossible to present an exhaustive list of all outside personal interests, activities or affiliations that might be considered as being in conflict with the best interests of the agency, two basic principles apply to every Board Member, Board Committee Member, Director, Officer and employee of the agency:

- The interest of the agency and the people we serve takes precedence over private business interests; and
- A business opportunity which belongs to CP Unlimited or which is based on confidential information not available to the public, shall not be used for personal gain or for any purpose contrary to CP Unlimited's interest.

D. Review of Potential Conflict of Interests:

1. Conflict of Interest Review by the Corporate Compliance Committee:

- CP Unlimited has established a process to review Conflict of Interest Disclosure Forms that have been identified with potential conflicts of interest. Following the initial review by the Corporate Compliance Officer and General Counsel, the Committee will convene to determine if the situation that has been disclosed constitutes a Conflict of Interest covered by this policy.
- A minimum of four committee members are necessary to conduct a Conflict of Interest review.
- The Conflict of Interest review shall be conducted at least annually and as necessary.
- If the committee renders a decision that a potential Conflict of Interest exists or has the potential to occur, as a condition of continued employment with CP Unlimited, the employee may be requested, in writing, to relinquish his or her other offer of employment and/or independent consulting agreement, volunteer service, etc.
- The determination may also be reviewed with the Board Secretary and Board Chairman, when necessary.
- Failure of any employee to abide by the terms of this policy may be considered misconduct which will subject the employee to disciplinary action, up to and including termination.

2. Board of Directors and Board Committee Members:

- All potential conflicts of interest disclosed by a Board Member or Board Committee Member shall be reviewed by the Board Chairman, Board Secretary, President/CEO, General Counsel and Corporate Compliance Officer.

- If it has been determined that a Conflict of Interest exists, the Board Chairman shall ask the Board Member to recuse him/herself from any Board deliberations and/or voting on subject(s) that relate(s) to the Conflict of Interest. The at-issue Board Member may not attempt to improperly influence any deliberations or votes, and the Board, in consultation with relevant Board Committee(s), shall thereafter determine whether a proposed Board action (e.g. a transaction) remains in the best interests of CP Unlimited, notwithstanding the Conflict of Interest.

The Corporate Compliance Committee will ensure that this Code of Business Conduct is posted in appropriate locations throughout the agency, and that each member of the CP Unlimited community has an opportunity to receive a copy.

The Corporate Compliance Committee will periodically review this Code of Business Conduct and make appropriate modifications to reflect developments in applicable legal requirements.

THE FALSE CLAIMS ACT

Under the federal False Claims Act (the “FCA”), the government and private citizens are entitled to bring lawsuits against organizations or other individuals who defraud the government. The FCA applies when a company or person:

1. Knowingly presents, or causes to be presented, a false or fraudulent claim for payment or approval;
2. Knowingly uses a false record or statement to get a claim paid by the federal government;
3. Conspires with others to get a false or fraudulent claim paid by the federal government; or
4. Knowingly uses a false record or statement to conceal, avoid or decrease an obligation to pay or transmit money or property to the federal government.

Under 31 U.S.C. 3729(b), the terms “knowingly” means that a person, with respect to information: has actual knowledge of the information; acts in deliberate ignorance of the truth or falsity of the information; or acts in reckless disregard of the truth or falsity of the information. The government does not have to show proof of specific intent to defraud in order for a violation of the false claims act to be found.

Under the Federal False Claims Act, any person or entity that knowingly submits a false or fraudulent claim for payment by the government is liable for penalties and fines ranging from \$11,463 - \$22,927 per false claim, damages up to three times the

amount of the false payment, costs of civil action against the entity that submitted the false claim and are subject to criminal penalties.

A private citizen may institute an FCA claim. This type of case is called a “Qui Tam” action, and the citizen who initiates such a claim is called a “Relator”. As part of the process in instituting an FCA claim, the relator must provide to the government all of the information he or she has about the claim. The federal government then reviews all of the information and decides whether or not to join in the lawsuit against the individual or agency. Qui tam plaintiffs can pursue their claims with or without the participation of the government, but if the government intervenes in the case, the relator may be entitled to a share in the eventual recovery.

The FCA provides protection to shield relators from retaliation for starting a qui tam case in good faith. Relators who are employees are protected from discharge, demotion, suspension, threats, harassment or discrimination. Any violation of this protection entitles the employees to reinstatement, back pay with interest, and attorney’s fees.

New York State has its own version of the FCA that punishes much of the same conduct as the federal law. However, there are no criminal penalties in the New York State law. Rather, individuals or agencies that are found to have committed violations may face restrictions on participation in the Medicaid program.

If you suspect any activity that may be considered a violation of the federal or New York State law, you should report it immediately to your Corporate Compliance Officer, an Executive Vice President, Vice President, President and CEO, member of the Board of Directors, or to the Business Integrity Hotline at 212-947-5770, extension 5777.

Element 4:

Ongoing Monitoring and Detection of Violations of CP Unlimited's Adherence to the Commitment to Business Integrity.

CP Unlimited has established a mandatory reporting policy which requires all members of the CP Unlimited community to report any suspected violations of the Corporate Compliance Program, including the Code of Business Conduct, and appropriate laws, rules, regulations, policies and procedures.

Each employee has a responsibility for reporting any activity by a member of the CP Unlimited community that appears to violate applicable laws, rules, regulations, professional standards or CP Unlimited's Corporate Compliance Program. CP Unlimited encourages employees to report behaviors or actions they believe should be reported. The effectiveness of the Corporate Compliance Program depends on the participation of all employees, at all levels, to bring forth in good faith, any corporate compliance concerns.

Reports can be made in writing (including e-mail), by telephone (to an individual or the Business Integrity Hotline), or in person without fear of reprisal to any of the following persons: the President/CEO, any Executive Vice President or Vice President, the Corporate Compliance Officer, a member of the Corporate Compliance Committee, the Chief Legal Officer, a Department Director or appropriate Supervisor, the Director of Human Resources, the Director of Volunteers, or any member of the Board of Directors.

To this end, a "Business Integrity Hotline" has been established through the agency's voice mail system to provide for anonymous, confidential reporting by any member of the CP Unlimited community. The "Business Integrity Hotline" phone number is 212 947-5770 Ext. 5777. All reports made to the "Business Integrity Hotline" will be thoroughly investigated by the Corporate Compliance Officer, or referred to an appropriate department director/supervisor, if necessary, for an investigation. All corporate compliance reports, investigations and recommendations will be documented by the Corporate Compliance Officer and filed in the compliance department for review.

The Vice President of Human Resources, the Corporate Compliance Officer and the Vice President for Quality Management/Community Support Services will oversee CP Unlimited's efforts to ensure that reports of suspected violations of the Corporate Compliance Program do not result in reprisal or retaliation, and that confidentiality will be

protected within the limits of the law.

Element 5:

**Procedures for Audits of Operations and Business Transactions,
to Monitor Compliance, Identify Problem Areas, and
Assist in the Reduction of Identified Problems.**

CP Unlimited has instituted Business Quality Assurance and Corporate Compliance audit plans under the oversight of the Corporate Compliance Committee and Audit, Compliance and Risk Committee. Pursuant to these plans, a sample of business records will be periodically reviewed to assess compliance with applicable laws, regulations, rules policies and procedures. The Corporate Compliance Committee and the Audit, Compliance and Risk Committee, when appropriate, will review the results of these audits and take necessary action, including additional audits, training and / or disciplinary actions.

The Corporate Compliance Officer and Corporate Compliance Committee members will conduct routine risk assessments designed to identify potential liabilities for the organization. The risk assessment will take into consideration the annual work plan from the Office of the Medicaid Inspector General and the NYS Office of the Medicaid Inspector General; external audit results conducted by regulatory agencies; and internal audits conducted by both the compliance department and the quality assurance department. The risk assessment process has provided a significant building block to CP Unlimited's Corporate Compliance Program. Results from the risk assessment process will also establish the Corporate Compliance Officer's work plan for the upcoming year. Both the risk assessment and the Corporate Compliance Officer's work plan will be reviewed and approved by both the Corporate Compliance Committee and the Board of Directors.

All internal audit results and recommendations will be documented and disseminated to the Corporate Compliance Committee and the department administrators. All reports will require a written plan of corrective action addressing the corporate compliance concerns and recommendations. All audit reports and plans of corrective action will be filed in the compliance department for review.

Auditing and compliance efforts will assess compliance with:

1. Federal and state health care statutes, regulations and program requirements, as well as private payer rules, with special attention paid to the risk areas identified by the Corporate Compliance Committee.

2. The process elements of CP Unlimited's Corporate Compliance Program, including dissemination of the Corporate Compliance Program, training efforts, and adequacy of investigations and resulting actions.

In addition to review of billing records to assess compliance, the Corporate Compliance Committee may direct assessment of compliance with other aspects of the Corporate Compliance Program. Such auditing may consist of a variety of actions, including but not limited to:

1. On site visits;
2. Tests administered to the billing and claims reimbursement staff on knowledge of program requirements and claims and billing criteria;
3. Unannounced surveys;
4. Review of compliance logs and investigative files;
5. Review of contractual relationships with contractors, consultants and potential referral sources;
6. Personnel records to assess compliance with Corporate Compliance Program requirements;
7. Trend analysis or other longitudinal studies to detect deviations over a specific period; and
8. Review of past surveys to detect patterns of deficiencies or to determine if proposed plans of action to correct past deficiencies have been implemented.

Element 6:

Enforcement of the Corporate Compliance Program, Including Identification of Violations of Standards, Policies, Procedures, Notification and Disciplinary Actions

Whenever non-compliance is identified by the Corporate Compliance Committee, corrective action will be taken in the form of an investigation.

The Corporate Compliance Committee will establish guidelines and procedures for investigation of complaints, and will oversee investigations of alleged violations of the program.

Upon verification that a violation has occurred, the Corporate Compliance Committee will recommend findings and conclusions to the Vice President of Human Resources, to be taken into consideration in determining a remedy for such violation, including appropriate discipline or other action.

DISCIPLINARY POLICY

All members of the CP Unlimited community are expected to adhere to the Code of Business Conduct and Compliance Guidelines, in addition to all other policies, procedures and standards issued by CP Unlimited, as well as all applicable laws, regulations, and rules. An employee who violates any work rule, or standard of performance outlined in the Corporate Compliance Program or otherwise issued by CP Unlimited, or who fails to satisfactorily perform his/her job, is subject to discipline, up to and including discharge.

Relative to employees, CP Unlimited may impose progressive discipline, including a verbal and written warning, corrective action plan, demotion, suspension, and termination. However, CP Unlimited reserves the right to determine in its sole discretion and judgment, the nature and level of discipline, if any, depending on the circumstances. This policy is not a guarantee of progressive discipline, and CP Unlimited reserves the right to terminate an employee at any time, for any lawful reason, with or without notice.

All employees will be treated fairly and consistently throughout the investigation and disciplinary process.

In addition to the general rules and regulations established by CP Unlimited for employees, the following “zero tolerance policy” applies with respect to the Corporate Compliance Program:

1. Signing or submitting a report for a service not rendered is fraud and will result in immediate administrative response.
2. Falsifying, or altering or destroying agency records without authorization will result in immediate administrative response.
3. Omitting required documentation, including signature, failing to complete treatment records or other agency paperwork will result in immediate administrative response.
4. It is the manager’s responsibility to ensure that employees and contractors

complete paperwork in accordance with agency policies, and that excessive errors or omissions in paperwork by supervised employees or contractors may subject the manager to appropriate administrative response.

5. Misapplication of agency or consumer funds will result in immediate administrative response.

This policy amends the general rules and regulations contained in the employee handbook and does not alter the at-will employment status of employees.

Element 7:

Prompt and Appropriate Response to Identified Violations

The Corporate Compliance Officer will ensure that, where indications of violations of the Corporate Compliance Program exist, an internal investigation is conducted promptly, and necessary actions are taken if the investigation reveals violations.

The Corporate Compliance Officer or designee will conduct investigations of all corporate compliance concerns received in writing, in person, anonymously or on the "Business Integrity Hotline". There may be times when the investigations are referred to other departments for several reasons. These reasons include but are not limited to: the complaint was not a corporate compliance concern but a supervisory, program or clinical related issue, Human Resources area of investigation, a need for a broader scope or internal or outside counsel. It is the responsibility of the Corporate Compliance Officer to determine the need for legal consultation, and to communicate this need directly with the Corporate Compliance Committee.

Investigations will be completed in a timely and efficient manner, following an identified process. If improper or wrongful practice is identified following an investigation, a plan of corrective action will be required. The purpose of the corrective action plan will be to immediately correct improper practice. In addition, steps may be identified to implement changes in agency systems, if indicated.

The plan of corrective action report will be reviewed with the appropriate department director and supervisor. Plans must address the immediate corrective action taken, steps to prevent recurrence, future monitoring requirements, and disciplinary action if necessary.

If appropriate, plans for correcting overpayments and/or a plan for legal consultation must be included. All plans must have a timeline for implementation and follow up. The department director will be responsible for implementing the plan of

corrective action. When this is complete, a written report is submitted to the Corporate Compliance Officer. The Corporate Compliance Officer will report all investigative findings, recommendations and plans of corrective action to the Corporate Compliance Committee.

If appropriate, the Corporate Compliance Officer will develop, an Action Plan to address necessary new policies or procedures, or modifications to existing policies or procedures, to remedy the identified violation. The Corporate Compliance Committee will monitor implementation and adherence to the new or modified policies and procedures to ensure compliance.

The Corporate Compliance Committee will ensure that appropriate reporting of documented violations is made, including voluntary disclosure to governmental authorities, if appropriate.

Element 8:

**Policy for Non-Intimidation and Non-Retaliation
for Good Faith Participation**

WHISTLEBLOWER POLICY STATEMENT

CP Unlimited recognizes that a crucial aspect of the Corporate Compliance Program is a culture that promotes prevention, detection, and resolution of compliance related issues. Conduct that does not conform to federal, state, local and private payer health care program requirements, as well as CP Unlimited's ethical and business practices, will not be tolerated. To promote this culture, CP Unlimited established a strict non-retaliation policy (Whistleblower Protections) to ensure that employees and others who report problems and concerns in good faith are protected from retaliation. Any form of retaliation or retribution can undermine the effectiveness of the Corporate Compliance Program and is strictly prohibited, as indicated in the following CP Unlimited Whistleblower Policy Statement.

CP Unlimited encourages its employees, independent contractors and volunteers to disclose and report concerns regarding perceived violations of federal and state laws and regulations and/or financial irregularities. Reports may be made by any employee, volunteer or independent contractor openly, confidentially or anonymously, and may be made in writing (including e-mail), by telephone (to an individual or to the Business Integrity Hotline), or in person without fear of reprisal to any of the following persons: the President/CEO, any Executive Vice President or Vice President, the Vice President of Human Resources, the Vice President of Corporate Compliance and Quality Systems (Corporate Compliance Officer), the Corporate Compliance Committee, the Chief Legal

Officer, any Department Director or appropriate Supervisor, or any member of the Board of Directors. Employees who wish to remain confidential or anonymous may do so in writing by sending their concerns by US Mail or by interoffice mail to the Corporate Compliance Officer or Chief Legal Officer marked "personal and confidential" or by leaving a message on the Business Integrity Hotline at (212) 947-5770, extension 5777.

Employees, independent contractors and volunteers may also report their concerns about perceived violations of federal and state laws and regulations and/or financial irregularities of federal and state laws and regulations to appropriate governmental agencies without fear of reprisal or retaliation. CP Unlimited may take appropriate action in the event that, after investigation, it is determined that a complaint was false and malicious. CP Unlimited complies with all of the requirements of federal and state statutes and regulations concerning employee "whistleblower" activity.

Please refer to the Code of Business Conduct for additional guidance.
