

ONSITE FLU SHOT CLINICS WITH LOCAL RETAILERS

Helping your employees stay healthy and productive through flu season just got easier.

Did you know that 17 million workdays are lost to flu-related illness each year, among U.S. adults age 18 to 64?*

The good news is one simple vaccine is all it takes to help protect from the flu all season long. If you are interested in offering an onsite flu event, you can set up an onsite event with one of the local retailers below. You will have to work directly with the retailer to set up the event and perform any desired oversight of the event. The immunizations can be billed as a claim through Cigna's claims processing center.

Help keep your employees and your bottom line healthy this flu season.
