

About CP Unlimited:

The long history of the Agency is paralleled with the development of Staten Island as a leading community for people with intellectual and developmental disabilities (I/DD). The organization was founded in 1946 on the island by a group of concerned parents of children with Cerebral Palsy who advocated for needed supports and services.

Today, the organization supports hundreds of people across Staten Island while employing many dozens of borough residents as part of the CP network.

Staten Island I/DD Supports

Services offered in NYC, Yonkers, Hudson Valley, and Nassau County

The Cora Hoffman Center:

An extraordinary Day Habilitation program with Article 16 services and a co-located health clinic

The Cora Hoffman Center is a hub of diverse, educational supports and services for adults with intellectual and developmental disabilities.

Each day, people we support achieve a fulfilling life through varied learning, mobility, movement, therapies, vocational options, and more, all provided with loving dedication from our caring team.

CP Unlimited also offers an empowering vocational and Day Hab Without Walls program that connects the people we support with jobs at local retail outlets as well as corporate and non-profit organizations. Ongoing training and assistance are provided by dedicated CP team members.

Unique Programs at CHC:

M.O.V.E.

(Mobility Opportunities via Education/Experience) is a transformative activity-based program designed to help individuals acquire the motor skills needed for sitting, standing, walking and transition. The program helps individuals who use a wheelchair to become more independent and self-reliant. We are the only agency to offer M.O.V.E. in the NYC Metro area.

Smile Farms

Through our partnership with Smile Farms, the Agency supports two full-time employees and a rotating community of Day Hab participants to help plant, harvest, and distribute the crops from our on-site greenhouses.

Caring Residential Settings Across Staten Island

Across Staten Island, CP Unlimited operates warm and welcoming homes providing twenty-four hour support for people with intellectual and developmental disabilities.

For people who need all day care, as well as others who require less intensive support, the Agency provides accessible, enriching, safe, and comfortable homes that take the needs of every individual into account.

CP Unlimited also operates CP Transport to facilitate drop off and pick up at our renowned Day Habilitation program and other borough locations.
